

It is unfair and cruel to discontinue support of an organization that works to save those who need support. The money that was originally apportioned to the 1-800-SUICIDE foundation needs to be placed in its proper location: within the suicide hotline funding. This lack of responsibility by the government to support a much needed and well organized foundation goes to show that the government is refusing to stand by its principles to help the people that it is sworn to protect. Please make sure that this organization is gaining the money it was promised so that it can continue to do its job. Thank you.
