

Hi, I am writing to ask that all the money set aside for private numbers such as 1-800-SUICIDE be given to them because hotlines like those are so important, and I know a number of people who they have helped. I think that if more people knew about them they would be used a lot more. I am glad that they exist because otherwise I would not have all of the amazing friends that i have. so PLEASE give the money to them because it is desperatly needed. thank you.

~sincerely,

Samantha Santellan
